### Flexible headrest

All articles have an infinitely variable headrest adjustment. With the seat-back function, it is available motorised and motorised with battery (surcharge in each case).

### Seat/back adjustment

A seat/back adjustment can be ordered in various versions at an extra charge. Seat and back can be adjusted separately. Seat and back can be adjusted separately.

### Metal colours for legs

The 5-star base F 99 can be ordered in polished chrome, silver, bronze or black. Please indicate the desired look.

### Accessories arm part & shelf

The SA arm part can be ordered with the armchairs protruding on the left, protruding on the right or for both sides. A shelf is also available.

### Metal turntable in different versions

The metal turntable is available at extra cost and in polished or matt chrome.

## ORDER INFORMATION

### Ordering the functions:

**Standard:** headrest manually/mechanically adjustable

**surcharge** item no. **F40:** function motor twice for seat-/back adjustment (double motor)

**surcharge** item no. **F50:** function motor twice for seat-/back adjustment **incl. headrest**

**adjustment** motorised (triple motor)

**surcharge** item no. **F70:** function double motor with **battery pack** for seat-/back adjustment (double motor)

**surcharge** item no. **F80:** function double motor with **battery pack** for seat-/back adjustment **incl. headrest adjustment** motorised (triple

motor)

### Adjustment by motor:

Please pay attention that with using the adjustment by motor with battery pack the battery has to be charged completely every 4 to 6 weeks, also if the function wasn't used regularly.. The seat and back can be adjusted independently of each other.

### Position of the battery charging socket:

The battery charging socket is located at the back at the bottom.

### Rotary limitation:

The armchairs with stream supply by net cable

are defeated by a rotary limitation to maximum 355° what serves for the protection of the net cable.

### Position of the push button when ordering the extra charge functions:

Order of no arm part: protruding left, flush in the seat

Order of arm part right and left: protruding left, slightly recessed in the seat

Order of arm part right or left: on the respective side with arm part, slightly recessed in the seat  
The push button switch is black.

### Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

**All of the dimensions given are approximate dimensions in cm in width/depth/height/seat height. We reserve the right to make changes.**

Seat depth: approx. **55 cm**

Overall depth with function: approx. **171 cm**

### Model-related feature:

The upholstery is deliberately processed casually to create a certain visual appearance.

Waving is not a quality defect, but a model-related feature that ensures optimum seating comfort.

### Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

### Accessories Shelf:

The shelf is rotatable, covered with leather Z73/99 night black and has a metal bracket powder-coated in black.
